

A Court Services Online (CSO) Release was successfully deployed into production on the evening of November 5, 2019. This release included a new pilot feature for eFiling users.

### Enhancements to E-File

A new pilot feature has been added to allow eFiling users to determine current processing times for Supreme Court civil documents. Once logged into your CSO account, the new feature can be accessed by clicking on the Current Processing Times link which appears in the left side bar menu under the E-file service or under the E-File Home Page as shown below.
